1. Prior to October 1963, LHO visited the Cuban Embassy in Mx. C. 2 or 3 times. Before, during, & after these visits, LHO was in contact w/ DSI, specifically Luisa Calderon, Manuel Vega Perez, & Rogelio Rodriguez Lopez.

Vega, CUIS pseudo-Maicos, currently CUIS chief in Mx. Had recent TDY in Habana, run to which was chief CUIS in Mx.

The precise relationship of Luisa Calderon to the DBI is not clear. She spent about six months in Mex. from which she returned to Cuba early in 1964.

Comment: WH/SA/C1 has the following references concerning Luisa Calderon Carralero: She was assigned to the commercial office of the Cuban Embassy in Mex. Cy, and she had arrived in Mex on 16 Jan 63 and on 11 Dec 63 made a reservation to return to Cuba on Cubana Airlines "Mexi 7371, 13 Dec 63 IN-80351, HMM-8153". She left Mex Cy for Havana on 15 Dec 63 using passport E/63/H. "Mexi 7423, 17 Dec 63, IN-82692. Another reference "HMMMA-20971, 25 March 63," said that her date of arrival in Mex was 19 Jan 63 and that she had replaced Rosario Vazquez, a Mex sec'y in the commercial office. Other references apparently concerning the subject are HMM-6913 and Mexi 3205 IN-56591, dated 26 Jan 63, which do not appear to add anything of interest to that given above.

2. Source doesn't know if LHO
used in agent capacity ^{or by other means.} by DSI

3. When JFK's assassination learned of
by DSI, caused much comment
concerning the fact that LHO
had been in Cuban
Embassy in NY. Orders issued
for all Hqs and field offices of the
DSI to sort & package all docs
according to whether 1) very secret
2) secret 3) important.

Once packaged, material was to
be held pending further instructions.
Also, all travel by DSI officers
and all DSI pouches were suspended
temporarily.

B. When news of that LHO was
assassinated reached DSI, no immediate
comment but, when Fidel Castro
spoke on TV to deny Cuban involve-
ment, there was considerable com-
ment concerning Oswald's visit
to the Cuban Embassy in NY.
At this time, Vega, who was
mentioned previously, was in Cuba

11 May 64 Memo for DDP XAA2-27215
Subj. AMMUG/1 info on LHO
from Raymond Rocco

memo is for info & for action

Info: AMMUG, CUI's defector has produced info of interest to the Pres's Commission of Assass of JFK. CI Staff learned of AMMUG/1 on 30 April. Questionnaire submitted by Staff on 1 May (Attach A). Swenson, who is handling MUG decrypting provided a reply on 5 May (Attach B)

"It was clear from Mr. Swenson's summary that AMMUG/1 had information bearing on the Oswald relationship w/ the Cuban Embassy and Cuban Intell. personnel in Mex Cy, albeit his knowledge was not that of a direct participant in matters

11112037 affecting Oswald. A follow-up questionnaire was submitted to AMMUG/1 on 6 May (Attach C).

11112047 Mr. Swenson's reply was dated 8 May (Attach D). Attention is directed particularly to the content of paragraph two of Attachment D. ~~SECRET~~

~~SECRET~~

" We have the problem of reconciling the operational exploitation of AMMOG/1 and satisfying the responsibilities we have undertaken w/ Mr. Rankin. AMMOG/1 is such an operational gold mine that Mr. Swenson wants, at a maximum, two months to work fully. It is palpable, however, that we must furnish to the Commission the substance of Ammog/1's information on Oswald before that. On the previous record of our association w/ the Commission, particularly w/ Mr. Rankin, it seems possible for the Agency to work out an arrangement w/ Mr. Rankin personally that would take care of their needs and ours after a frank discussion of the equities.

11112038

It is recommended that DDP in person or via a designee, ~~not~~ preferably the former, discuss AMMOG/1 situation on a very restricted basis w/ Mr. Rankin at his earliest convenience either at

d. Rogelio Rodriguez Lopez (DGI pseudo Marcos) shortly before he left Cuba for NY or about 16 April 64 saw Calderon.

given by the Source were reported
in Reference A. That memo which
I dictated to a CI Staff stenogra-
pher appears accurate except
for sentence #9 which should

of Oswald.

2. On 7 & 8 May 64 I further discussed
the Oswald Case with the Source
in order to clarify exactly what

~~SECRET~~

he knew and what he had heard. In the light of the explanation given by him, I believe that a clear understanding of what he knows can be reached if I record his knowledge w/out using the ? and answer format. Accordingly, in the following paragraphs I shall report all the information given by the Source paraphrasing his explanation and comments.

" I have no personal knowledge of Lee Harvey Oswald or his activities and I do not know that Oswald was an agent of the DGI or any other Directorate or department of the Cuban Government.

" I first heard of Oswald after the assassination of President Kennedy when news media carried the name of Oswald. Personnel in the DGI first commented ^{about} ~~upon~~ the case, so far as I can recall, one day after church when a group of officers, of whom I was one, were chatting. The officers present were about ten including Roberto Santiesteban, Norberto Hernandez de Curbelo, ~~the~~ Andres Armona, Pedro Fariña Diaz and Manuel Vega Perez. Manuel Vega Perez previously

~~SECRET~~

11112042

~~11112022~~

~~SECRET~~

had been assigned to Mex in the Cuban Consulate where he was the principal intell. officer of the D61. Vega mentioned that Oswald had gone to the Cuban Consulate two or three times in connection w/ a visa application during the time that Vega was in Mex.

I gathered, although I do not know that Vega made any specific statement to this effect, that Vega personally had seen Oswald. I well could have reached this

conclusion because normally Vega and his assistant in Mex for the D61, Rogelio Rodriguez Lopez, would see persons applying for a visa to go to Cuba. This is because D61 officers are charged w/ expediting the granting of visas of agents of the D61. Such agents on appearing at the Consulate use a special phrase to indicate their relationship w/ the D61. (I do not know ~~the~~ the particular phrase used in every case. I do know that agent from El Salvador in requesting visas always made mention of

the name "Mauricio.") The D61 officer at a Consulate interview visa applicants to find out if they are agents. If the visa applicant does not use one of the indicated phrases, the D61 officer, instead of granting the visa immediately, tell the applicant to

~~SECRET~~

~~SECRET~~

return in a few days. The officer then notified Habera and requested authority for the visa. I cannot recall if Vega ever made the statement that he had requested permission to issue a visa to Oswald but I feel sure that he wouldn't have done so because Vega had said that Oswald had returned several times and this would be the usual procedure.

I believe that Rogelio Rodriguez Lopez also would have seen Oswald because he worked w/ Vega and also would have screened visa applicants.

I thought that Luisa Calderon might have had contact w/ Oswald because I learned about 17 March 64 shortly before I made a trip to Mexico that she had been involved w/ an American in Mexico. The information to which I refer was told to me by a DSI case officer named Roberto Hernandez de Curbelo. (I remember the conversation w/ Hernandez because he gave me \$40.00 to buy some shoes and other items during my trip to Mexico.) I had commented to Hernandez that it seemed strange that Luisa Calderon was receiving a salary

~~SECRET~~

~~SECRET~~

from the DGI although she apparently did not do any work for the Service. Hernandez told me that hers was a peculiar case and that he himself believed that she had been recruited in Mexico by the Central Intelligence Agency although Manuel Pereira, the Head of the DGI, did not agree. As I recall, Hernandez had investigated Luisa Calderon. This was because, during the time she was in Mexico, the DGI had intercepted a letter to her by an American who signed his name as O W E R ^(phonetic) or something similar. As you know, the pronunciation of Anglo-Saxon names is difficult in Spanish so I am not sure of how the name mentioned by Hernandez should be spelled. It could have been "Howard" or something different. As I understood the matter, the letter from the American was a love letter but indicated that there was a clandestine -

11112045

professional relationship between the writer and Luisa Calderon.

11112025

I also understood from Hernandez that after the interception of the letter she had been followed and seen in the company of an American.

I do not know if this could have been Oswald. I, myself, considered the case of Luisa Calderon unusual

~~SECRET~~

~~SECRET~~

because I had known her before she went to Mexico when she worked in the Ministry of Exterior Commerce in the Comprosa Transport Department where she was Secretary General of Communist Youth. She was transferred directly from that position to a post in Mexico which seemed strange.

The only other person about whom you asked me in connection w/ this, whom I recall, is Sylvia Duran and I know very little about her. What happened was that I was in the Cuban Embassy in Mexico on 23 March 64 about 1230 in the afternoon preparing to return to Habana the same day. I was talking to some other Cubans including Rogelio Rodriguez Lopez and Francisco Buenaventura of the Cuban Embassy; a courier named "Enio", a courier named "Tato"; and one other Cuban whom I cannot recall.

11112046

We saw a pretty girl standing at the end of the reception room, & someone asked who she was, and one of the group said it was Sylvia Duran.

11112026

~~SECRET~~

I recall that after the news of the assassin. ~~was~~ of Pres. Kennedy reached the DSI, orders were issued for all offices of the DSI at HQS and in the field to sort ~~all~~ ~~incoming~~ ~~mail~~.

~~SECRET~~

and package all documents according to whether they were "muy secreto" (very secret), "secreto" (secret), or "importante" (important). The matter, once packaged, was to be held pending further instruction. All travel by DSI officers and all DSI pouches were suspended temporarily. In addition, I recall that DSI HAS personnel were instructed ~~to~~ either to remain in the DSI HAS office or to keep the DSI aware of their whereabouts so that they could be reached immediately. I do not know the reason for these measures but I believe it logical that they were issued because of the possibility that the United States might take some type of action against Cuba and the DSI offices. As nearly as I can recall, we were able to unpackage DSI files and use them normally about the 3rd of Dec. 1963.

11112047

3. In brief, the Source does not claim to have any significant information concerning the assoc. of P. re. Kennedy or about the activities of Oswald. If the paraphrased comments of the Source are considered to need further clarification, I suggest

~~SECRET~~

that Mr. Rocca, who is most familiar w/ the details of the Oswald case, talk to the Source. This can be arranged at any time. Meanwhile, I shall have a question asked in a forthcoming LCF LUTTER to determine whether or not the Source seems to have concealed any information in this matter.

summary of our debriefing of Cuban defector Rm 161 who had no personal knowledge of Oswald and no information linking him to the Cuban Intelligence Service in any manner. As a follow-up, Mr. Howard P. Willens of the Commission asked if he could see the questions used in the interrogation.

2. On 18 June, I took the questions and source's responses to the Commission and showed them to Mr. Willens. He studied them and returned the questions to me with the observation that they were very thorough and fully satisfied his requirements.

He said that he saw no need to pursue this angle any further. The questions and answers exhibit to Mr. Willens are attached. At no time during our contacts with the Commission did we disclose the source's identity or cryptonym.

3. Mr. Willens indicated that the Commission was winding up its investigation. He was highly complimentary of C.I.A., referring to the agency personnel he encountered here and in Mexico as "real professionals." Mr. Willens asked that I convey his best regards to you.

B) Did these visits take place during the aforementioned period or is the source referring to previous visits. If the latter, try to get more specific details regarding these trips and the origin of the source's information.

2. The source states that before, during and after these visits Oswald was in contact w/ the DGI, specifically Luisa Calderon, Manuel Ojeda Perez, and Rogelio Rodriguez Lopez. This would appear to mean that near more contacts were

Going over the various debriefing reports on AMMUS-1 it would appear that the defector has an excellent memory and a faculty for being able to describe physical characteristics of many persons he has met but w/out being able to remember their names.

Two cases in point are the Mella and the Tiberon.

It occurs to us that possibly thought should be given to using the Indenti-Kit as a means of getting a pictorial description of persons whose names the agent does not recall but whose descriptions are still

Info from AMMOG-1 on AGENTS

The difference between a Cuban and a foreign agent (of the DGI) is as follows.

Recruitment of foreigners consists for the most part, of agreement with the organizations to which they belong. Foreign agents can also be recruited in the schools in Cuba where they are receiving guerrilla training.

Once recruited as possible agents, they are separated from the others and placed in DGI houses, where they receive instruction as agents. . . .

11112071

Ordinarily an attempt is made to keep them from contact w/ anyone in government circles so as to avoid indiscretions.

11112091

~~SECRET~~

Any agent recruited in a foreign country is brought to Cuba and arrangements are made so that he has no contacts w/ persons in Cuba from his own country or any other. Once his training is

~~SECRET~~

completed, his departure from Cuba is not made known to anyone attached to him.

...
rest pertains to Cuban nationals as agents.

19 Oct 64 DSI agents - AMMUG - 1

2. Q. How does ^{he} (a DSI agent) get to Cuba? What cover story does he use?

A. He may travel by any means either via Mexico or via Prague. He may travel in true name or alias. I do not know what cover story he uses in his country or on the trip, except that he always appears as a student. He does not leave for Cuba until there is a course for persons from his country and organization in which he can be included.

11112092

~~SECRET~~

~~11112072~~

An agent recruited directly (not from a guerrilla school) for illegal work may be recruited on the recommendation of the DSE, on the personal recommendation of a DSI officer,

~~SECRET~~

or by any person if he appears to be useful. He may be investigated by the DSE (domestic Cuban security) & by the DSI. He is very well checked before recruitment and no subsequent investigation is considered necessary.

DSI officers are charged w/

on appearing at the Consulate
use a special phrase to indi-
cate their relationship w/ DSI.
(Source does not know the particu-

officers at a Consulate interview
visa applicants to find out if
they are agents. If the visa
applicant does not use one of
the indicated phrases, the DSI
officer, instead of granting the

applicant to return in a few
days. The officer then notifies
Habana and requests authority
for the visa.

1. A/I describes Armone as an intelligent hard working security conscious case officer whose ultra serious demeanor makes him butt of many jokes by other DSI officers. However A/I believes Armone not likely to be alienated as he takes practical jokes in stride and does not become upset.
2. Further info from A/I on Armone.
A. Married. 2 children, speaks French. 40-50 years old, mulatto, natty dresser. Attended Univ. of Habana where he was contact of AMTHU5/1 when latter returned to Cuba from Mexi.
B. During 63-64 as DSI Haiti Desk officer Armone attempted recruit some Haitian nationals residing Habana for Guerrilla training. Extent of success not known. Prior to holding present DSI position probably served in unknown slot in Uruguay and later as commercial attach in Mexi.
3. Although A/I most willing make initial contact he does not hazard opinion on chance of recruitment or defection.
4. ~~Asset~~ also queried re Armone w/ negative results (memo + notes sanitized)

Memo for: C/WH/PO/A

Subject: AMMU6/1 Debriefing Report #203

Reference: HHTW - 1721, 16 Oct 64

AMMU6/1 said the following:

1. In relation to a supposed message by radio using the song known as "The Six Beautiful Cubans (Las Seis Lindas Cubanas)", I know the following:

A. When President Kennedy died, "Augusto" personally came to the National Liberation Building and held a meeting w/ officers of that Section. He asked who maintained communications w/ organizations of their respective countries as well as w/ some agent.

B. Those who answered in the affirmative were told to prepare a system of communications urgently, using some song, lecture, commercial or something similar which could be transmitted by Radio Havana Cuba, and could be used to send a ciphered message which could be easily understood.

C. In fact, if my memory serves me well, Norberto Hernandez Curbelo had chosen the musical record "Six Beautiful Cubans" or something similar.

D. This is the case more related to that musical record. As I remember Norberto chose a song.
